Mark Fitzwater – Division Chief of Training

Jeanette Denos – Finance Director

Desiree Barker - Chief Administrative Officer

Vacant – Administrative Assistant

### Dear Citizens, Board of Directors, Budget Committee, and employees of the Lebanon Fire District,

I respectfully submit the following balanced budget for fiscal year 2024/2025 as required by ORS 294.331. This is a balanced budget and is within the permanent tax rate limitation of \$2.26 per \$1,000 of assessed value. This budget does not require a vote of the citizens, as a majority vote of the Board of Directors will approve this document. The members and staff of the Lebanon Fire District (LFD) have carefully compiled this budget to prudently use our financial resources to most effectively provide for the current and future needs of the District.

Revenue comes primarily from four sources: property taxes, ambulance fees, grants, and cash carry-over. This year's budget includes GEMT (Ground Emergency Medical Transportation) revenue that includes FFS (Fees For Service) and a continuation of the CCO (Coordinated Care Organization) program that was introduced in January 2021. In addition to the GEMT funding, staff has submitted this year for both of FEMA's AFG grant, for a Type 3 fire engine, and a SAFER grant for a recruitment and retention officer. Staff continues to apply for grants provided by SB762 and the Oregon State Fire Marshal's Office (OSFM) for apparatus, increased capacity and summer staffing programs as examples. Last fiscal year the LFD was awarded \$10,000 from OSFM for wildland risk mitigation education and in late 2024 we will be receiving our Type 6 fire engine from OSFM's apparatus grant awarded last year.

The LFD, like many fire districts, is concerned with the many threats to our ability to continue to provide Fire and EMS service delivery to our community in the coming decade. These concerns range from a decline in volunteerism; a shrinking workforce that is unable to sustain the vacancy rates; rising employee costs, including salaries, PERS and other benefits; decreasing medical insurance reimbursements, revenue stagnation, increased community growth and increasing demands on services. As fiscally responsible stewards of public monies, we will be charged with working through these future challenges while striving to build upon a prudent level of reserve funds for future large purchases and other liabilities.

The Board, Fire Chief and Staff are tasked with being the stewards of the organization's financial resources, working in partnership with labor and other stakeholders. In the fall, the Board identified their organizational priorities including supporting the District's mission critical goals of being operationally ready, prepared for and have the capacity to respond to emergencies; to provide community risk reduction techniques to improve our community's quality of life, self-sufficiency and increase the chances of survival during a disaster; and, to foster regional partnerships. Additionally, the Board recognized our District's fiscal uncertainty with inflation and increasing operating expenses competing for stagnant revenue streams. The Board provided direction to staff to seek our first local option levy that will appear on the May ballot in 2024 to provide and improve our existing emergency services to the community.

This budget maintains our investments in facilities and fleet. Unfortunately, our accomplishments of the past need to be adjusted to balance the budget, seek additional revenue potential, and align us for a more stable financial future. We are postponing any further improvement to disaster resiliency, a continued partnership with our disaster preparedness partners of Lebanon, Sweet Home and Brownsville. Additionally, we will no longer be able to support our shared Fire and Life Safety Fire Inspector position with Tangent Rural Fire District. Lastly, this budget is absent

our EMS/Ambulance Billing Administrative Assistant as we move to contract those services with a third-party vendor. These budget adjustments are projected to increase our revenue by over \$500,000.00.

The FY 2024/2025 \$14,662,491 budget includes Salaries and Benefits of \$7,516,909; Materials and Supplies of \$2,444,065 Capital Assets of \$1,170,750; Special Payments of \$910,000 which includes retiree expenses and leave reserves; and Debt and Contingency of \$2,620,767.

The budget consists of four (4) funds and thirteen (13) departments.

#### Fund 020 - General Fund

201 – Fire Suppression Department

202 – Fire & Life Safety Department

203 - Legislative Department

204 - Administration & Finance Department

205 - Maintenance Department

206 - Training and Safety Department

207 - Volunteers Department

210 - Non-Departmental

#### Fund 030 - Debt Fund

301 - Debt Department

#### Fund 040 - Enterprise Fund

410 – Ambulance Service Department

#### Fund 070 - Reserve Funds

701 – Buildings Department

703 – Employee Expense Department

705 – Vehicles/Equipment Department

The District takes great pride in successfully completing our Station 31 and Administrative Headquarters project with funds from the passage of our 2019 bond passed by the voters. While the project faced delays due to rapidly rising costs of materials and supplies, we celebrate that we kept our word to our community by completing the project on budget and within the scope of the bond cost to the voters.

Also, in 2024 the District will be celebrating our 140<sup>th</sup> anniversary and we are concluding the construction of Station 31 and Administrative Headquarters project with funds from the passage of our 2019 bond passed by the voters.

This budget balances the investment in Board priorities while providing for continued support of our core services ensuring that spending is paid for with ongoing revenues. The LFD will continue to work diligently to contrast future revenues against future expenses of the District by planning for material, service, and staffing needs, and implement changes strategically if necessary. We are optimistic about our future; however, we understand there are many challenges we face on the horizon, including the impact of inflation to our operating costs; the rising costs of materials,

services, PERS, health care and other employee costs. Staff will continue to develop a long-term financial strategy which will be key in our success in continuing a high level of professional services to the communities we serve.

The proposed budget is balanced and meets all required mandates. The budget will allow the District to continue to provide high-quality service in the upcoming fiscal year that the citizens have come to expect and secures funding for budgeted expenses.

Respectfully submitted,

Joseph Rodondi

Fire Chief / Budget Officer

## FUND 020

## GENERAL FUND

### FUND 020 – GENERAL FUND FIRE SUPPRESSION DEPARTMENT 201

#### **ESSENTIAL EXPENDITURES**

Firefighting Equipment

Communications Equipment

Personal Protective Equipment

Equipment Maintenance

#### **DEPARTMENT OBJECTIVES**

The purpose of the Fire Suppression Department is to provide funding for fire suppression; water, vehicle, and technical rescues; hazardous material incidents; and emergency preparation and planning.

Apparatus and equipment must be in a constant state of readiness. All vehicles and equipment are thoroughly checked at regular intervals to ensure their operational readiness. This department provides funding for apparatus and equipment which must be replaced and upgraded based on national standards, regulations, and expected lifespan.

### FUND 020 – GENERAL FUND FIRE & LIFE SAFETY DEPARTMENT 202

#### **ESSENTIAL EXPENDITURES**

## Fire Investigation and Inspection Equipment Public Education Materials Fire Investigation and Public Education Training

#### **DEPARTMENT OBJECTIVES**

The core responsibilities of the Fire and Life Safety Division are public education, fire and life safety inspections, fire investigations, record keeping and reporting, and public information.

Public education is one of the most important functions of the Fire and Life Safety Division. Through proactive education programs, the Fire and Life Safety Division contacts numerous citizens each year. These programs are offered through a variety of community presentations, school encounters, fire and life safety classes, fire station tours, and speaking engagements.

Another important function of the Fire and Life Safety Division are the fire and life safety inspections conducted each year. These inspections are conducted in all assembly, educational, business, and industrial buildings within Lebanon Fire District boundaries. The Fire and Life Safety Division works closely with the building departments of both the City of Lebanon and Linn County to ensure that fire and life safety codes are followed through plans review and working with the development team. The Division also ensures that codes are followed during and after construction and that deficiencies are corrected.

Record keeping is another of the critical components of the Fire and Life Safety Division. Accurate record keeping is vital for critical decision making and many of the records kept are required by law. Additionally, the records kept by the District must be concise and accurate because frequently they become evidence for criminal prosecution or civil litigation. All fires and their cause are thoroughly investigated and reported to the State Fire Marshal and the data is maintained to determine trends and to assist in future fire prevention efforts.

## FUND 020 – GENERAL FUND LEGISLATIVE DEPARTMENT 203

# ESSENTIAL EXPENDITURES LEGAL SERVICES DUES AND SUBSCRIPTIONS MEETINGS AND CONFERENCES

#### **DEPARTMENT OBJECTIVES**

The Legislative Department is established with three basic functions; board member education, legal advice, and membership in various organizations.

Our board members are elected officials who may or may not have fire service expertise. Each year our board members attend the Oregon Fire District Director's Association (OFDDA) conference and other pertinent training courses. Each member gains valuable information both by attending sessions of relevance and interest, and by interacting with board members of other districts.

The District has retained the services of the Local Government Law Group to advise us on all legal issues.

The District maintains memberships in many community and professional organizations that are specific to the Fire Service and to being a Fire District in the State of Oregon.

### FUND 020 – GENERAL FUND ADMINISTRATION AND FINANCE DEPARTMENT 204

# ESSENTIAL EXPENDITURES BUDGET MANAGEMENT FINANCIAL AND ACCOUNTING PROCEDURES INFORMATION TECHNOLOGY

#### **DEPARTMENT OBJECTIVES**

The Administration and Finance Department is responsible for a wide range of administrative responsibilities within the operational structure of the Lebanon Fire District. The most obvious is the management of financial and accounting procedures and functions for the District. Corresponding to the accounting function is a need for the development of data processing resources, hardware and software, by which the accounting records are kept. Further, since state law mandates an external audit, a primary duty of the Finance department is to coordinate an audit with an independent firm each year.

One of the more significant functions of this department is budget management. The budget document is produced from historical data and from requests supplied for the functions of all department operations. The Administration and Finance department is responsible to monitor all department activities regarding the budget document and to ensure that the budget is being managed in compliance with state law.

The Administration and Finance department must also develop programs to safeguard the District's financial and physical assets. Banking and investment procedures are developed with regard to level of risk, liquidity, and to a lesser degree administrative efficiency. All physical assets of the District are covered under the risk management program developed with the assistance of an insurance agent of record.

The Administration and Finance department also coordinates the expenses for computers, copiers, and other technology. These are contracted through a cooperative agreement with the City of Lebanon Information Technology department.

## FUND 020 – GENERAL FUND MAINTENANCE DEPARTMENT 205

# ESSENTIAL EXPENDITURES VEHICLE MAINTENANCE BUILDING AND GROUNDS MAINTENANCE

#### **DEPARTMENT OBJECTIVES**

The Maintenance Department has two major functions which include the vehicle maintenance program, and the maintenance of all Fire District structures, parking lots, and grounds.

Vehicle maintenance is provided through a contract with a fleet maintenance vendor who specializes in fire and EMS apparatus. They provide certified mechanics to work on fire apparatus, ambulances, staff vehicles, and equipment. The maintenance program has the effect of increasing the longevity of our vehicles and potentially reducing liability in case of an accident.

The second area of emphasis of the Maintenance Department is the maintenance of all Fire District buildings and grounds. The District has the main station located in Lebanon on Oak Street and four (4) sub-stations located in the areas of Lacomb, Berlin, Fairview and Weirich Drive.

Fuel purchases, general maintenance expenses and utilities are also part of the maintenance budget.

### FUND 020 – GENERAL FUND TRAINING AND SAFETY DEPARTMENT 206

# ESSENTIAL EXPENDITURES HEALTH AND WELLNESS CAREER AND VOLUNTEER TRAINING EMPLOYEE ASSISTANCE PROGRAM (EAP)

#### **DEPARTMENT OBJECTIVES**

Employee training in fire science, fire suppression, rescue techniques, emergency medical techniques, and personal safety is the main function of the Training and Safety Department. Employees must continually train using the latest strategies and techniques to perform complex rescues, suppress working fires and treat critically ill and traumatized persons. Firefighters must stay abreast of the latest technology, procedures, techniques for different types of rescues and medical assessment and treatment, be aware of how a fire reacts to certain conditions, and must always be aware of the circumstances to safeguard their own personal safety.

The Training and Safety Department is responsible for the safety committee and safety program.

This department is also responsible for the employee assistance program, psychological assistance for District employees, health and wellness programs, and for immunizations and medical exams. The replacement and maintenance of specialized equipment for training and the wellness program is funded through this department.

### FUND 020 – GENERAL FUND VOLUNTEERS DEPARTMENT 207

# ESSENTIAL EXPENDITURES LENGTH OF SERVICE AWARD PROGRAM (LOSAP) EDUCATION AND TRAINING UNIFORMS

#### **DEPARTMENT OBJECTIVES**

Volunteer firefighters are an integral part of the Lebanon Fire District team. They work side-by-side with career personnel to provide essential capabilities for fire suppression, rescue, and emergency medical response. It is the District's goal to provide for the operational and administrative needs of our volunteer firefighters, including quality training, first-rate equipment, and a positive and safe working environment. The District provides a stipend for appropriate volunteer events. The District also provides uniforms and participates in a length of service award program.

Support Volunteers are a critical component of the Lebanon Fire District's volunteer program. The support members work with our career firefighters, volunteer firefighters, and the District's administrative staff to ensure the success of our operations. The Lebanon Fire District is committed to ensure quality training and first rate equipment and uniforms for the support volunteers.

Student Intern Firefighters attend college fulltime and work alongside our paid and volunteer staff as an integrated part of the crew. The Interns are assigned to either a 24-hour shift or a 40-hour week and participate in all the same activities as the full-time career personnel. Student Intern Firefighters receive a tuition stipend to assist with college expenses and receive valuable working experience.

### FUND 030

### DEBT FUND

#### 030 - DEBT FUND DEPARTMENT 301

### ESSENTIAL EXPENDITURES BOND PRINCIPLE AND INTEREST BANK FEES

#### **DEPARTMENT OBJECTIVES**

The Debt Fund's purpose is to capture tax revenues and debt service expenditures to manage the debt created by selling Bonds.

The voters approved a bond in November 2019 to replace the main station on Oak Street, and several key apparatus. Station 31 construction was completed in spring 2024.

## FUND 040

### ENTERPRISE FUND

### FUND 040 – ENTERPRISE FUND AMBULANCE DEPARTMENT 410

# CONTRACT SERVICES VEHICLES OPERATING SUPPLIES MAINTENANCE

#### **DEPARTMENT OBJECTIVES**

The basic function of the Ambulance Department is to provide emergency medical transportation to those needing transportation to a hospital for definitive care. To accomplish this, the District must provide highly trained, licensed, skilled personnel and adequate vehicles and equipment. The Ambulance Department is funded through the collection of user fees, FireMed subscriptions, and transfers from the general fund. This is operated as an enterprise fund and is designed to fund the costs of operating an ambulance service.

Lebanon Fire District has a workforce licensed at the Emergency Medical Technician (EMT), EMT Advanced, EMT Intermediate, and Paramedic levels to meet a diversity of medical calls for service. To keep their license, each medic must continually train to maintain their skills and knowledge in many types of medical emergencies. Many of our volunteer group also have certifications of Emergency Medical Responder or higher, and are encouraged to maintain those certifications or obtain a more advanced level of certification whenever possible.

Ambulances and emergency medical equipment must be maintained, replaced after use, and upgraded to meet the ever-changing technologies of medical science. Ambulances must be equipped for the safety of our patients and personnel and also be equipped with a wide array of medical equipment needed for the successful treatment of the critically ill or traumatized patient. This fund pays for those costs including the fuel used by the ambulances.

## FUND 070

### RESERVE FUND

#### **FUND 070 - RESERVE FUND**

#### **ESSENTIAL EXPENDITURES**

The function of the Reserve fund is to save money for future expenditures of buildings, employee benefits, and apparatus and equipment that will be a liability to the District in the future or that is a capital expense item that will need replacement in the future.

### BUILDING DEPARTMENT 701

The Building Department has been established to ensure that our facilities are adequately maintained to maintain their value as well as meeting current and future needs and requirements. This fund is also designed as a reserve fund for future building projects.

### EMPLOYEE EXPENSE DEPARTMENT 703

The Employee Expense Department has been established to adequately build a reserve to cover our liability associated with retiree medical insurance and vacation (or leave) costs.

### EQUIPMENT DEPARTMENT 705

The Equipment Department has been established to ensure that funds will be available to purchase and/or replace major pieces of apparatus or equipment when it becomes necessary.
